DEAR CUSTOMER,

A B O U T

Here at Stone River Furniture, we believe modern furniture should be nothing short of quality. In fact, the furniture in your house should have character. That is what Stone River Furniture strives to bring you. Our natural and refined

U S

style was designed to make you feel like you are truly where you belong.

We want you to walk through your door and say, "This looks like home."

As you search through our catalog, you will see that we took careful thought into creating pieces that are not just practical, but also beautifully

designed. Just like a river smoothing a stone, we strive to take the time and skill to create those special pieces that belong to you. Our passion

is poured out into these products we have handcrafted for your home.

We must express how grateful we are at Stone River Furniture for your interest in our products. Your business with us is a great blessing.

Thank you for your support,

MENNO MILLER | OWNER

Menno Miller

THE PROCESS

STEP ONE

THE LOGS ARE CUT INTO SLABS AT THE
AMISH LUMBER MILL.

THE PROCESS

STEP TWO

THE SLABS ARE STACKED OUTSIDE FOR UP TO ONE YEAR THEN KILN DRIED. THIS SLOW PROCESS OF DRYING MAKES THE SLABS AS STABLE AS POSSIBLE.

THE PROCESS

STEP THREE

THE SLABS ARE PLANED FLAT MAKING THEM READY FOR THE AMISH CRAFTSMEN TO CREATE THEM INTO SOME REALLY BEAUTIFUL ONE OF A KIND PIECES OF FURNITURE.

THE PROCESS

STEP FOUR

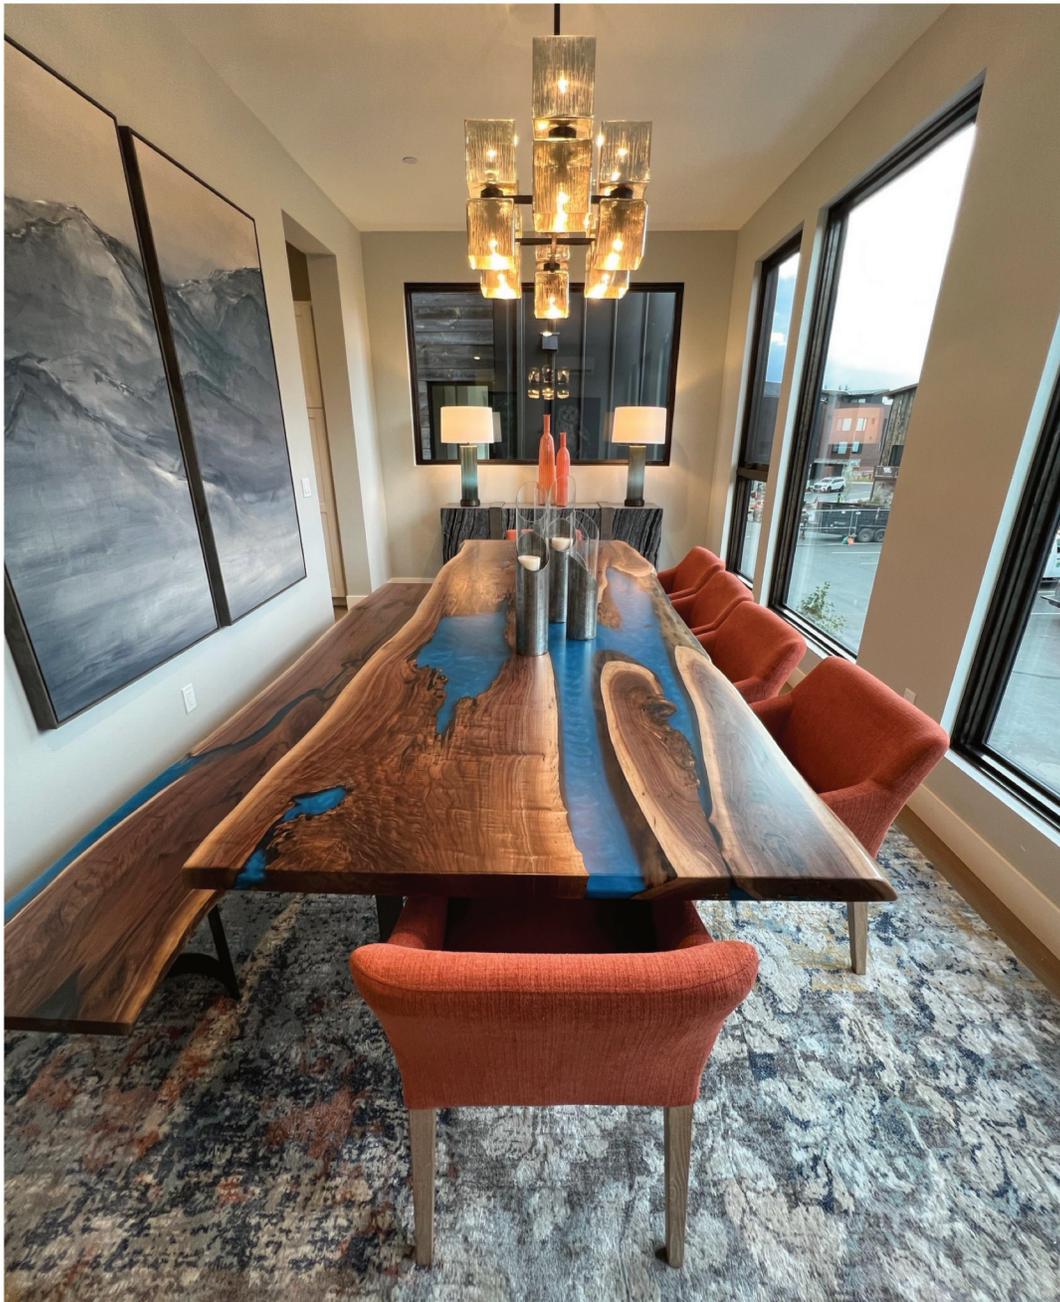

THE EPOXY STEP HAS TO BE DONE IN LAYERS WHICH CAN CREATE SOME REALLY AMAZING LOOKS!!

THE PROCESS

STEP FIVE

ENJOY YOUR ONE OF A KIND PIECE OF FURNITURE
WHICH STARTED OVER A YEAR AGO!!

This page, if you closely is almost completely blank

Gnarly Live Edge Tops

[Choose Top, Epoxy, then Base](#)

For lovers of untamed beauty, Gnarly tables offer a distinctive take on live edge design. While standard live edge tables often feature multiple planks with natural edges on the outside for a clean, consistent look, Gnarly pieces typically use fewer planks - often a single slab or book-matched pair from the same tree. These tables embrace dramatic grain patterns, natural voids filled with epoxy, and a wide range of organic shapes. Eased-edge epoxy is also available for a softer touch. Available in [dining](#), [bench](#), [coffee](#), [end](#), and [sofa](#) table sizes.

Crafted from two live edge slabs with a flowing river of epoxy or river rock between them, these tables unite natural beauty with bold design. Standard builds feature live edges on both the outer sides and along the river channel, with an option for eased outside edges (see page 28). Choose from 20 epoxy colors or river rock infills to create a striking, handcrafted centerpiece. Available in [dining](#), [bench](#), [coffee](#), [end](#), and [sofa](#) table sizes.

Available woods:

- Rustic Walnut
- Spalted Maple
- Rustic White Oak
- Wormy Maple
- Rustic Cherry
- Rustic Maple

WOOD: Rustic Walnut

STAIN: Natural

SIZE: VR-42x84

EPOXY: River Rock

This table displays the standard quantity of river rocks.

To see an example of a table with additional rocks, please refer to page 30.

All Vermillion Tops are 1 3/4" thick

If you're ordering River Rock, the bottom ~1/2" of the "river" will use Caviar epoxy, topped with natural river rocks. The rest will be filled with clear epoxy for a polished look. Want a different base color instead of Caviar? Just note it on your purchase order. The photo shows the standard amount of rocks. Want more? Let us know when ordering.

Vermillion River Tops

[Choose Top, Epoxy, then Base](#)

In Vermillion River Tables, the “river” is formed by a base layer of colored epoxy topped with clear epoxy. With a total thickness of 1¾ inches, this creates visible depth through the table.

Shown: Dining Table Top

WATERFALL SERIES

Table comes complete with top and base

The Vermillion River Waterfall Series features a striking epoxy river (20 colors) or river rocks under clear epoxy, flowing between natural live edges. The waterfall design uses the table's off-cut as one leg, with a sleek wood base on the other. **The table and base are priced together for this series.** Just choose your top and epoxy.

Available Options:
1. Have waterfall come down both sides.
2. Substitute wood base for one of our metal bases.

Shown: Desk
WOOD: Rustic Walnut
STAIN: Natural
SIZE: VRWF-28x66-DESK
EPOXY: Maui Pearl

Available woods:

- Rustic Walnut
- Spalted Maple
- Rustic White Oak
- Wormy Maple
- Rustic Cherry
- Rustic Maple

On Vermillion River Waterfall tables: if ordering with rocks note that where the vertical section meets the top section, there will be a small section where there are no rocks. This is because when we cut the slabs at 45° here, we need to make sure there are no rocks where our blade will go thru.

Cookie Tables

[Choose Top, Epoxy, then Base](#)

Our **dining** and **occasional** tables are made from live edge “cookies”, cross-sections of tree trunks that preserve the wood’s natural shape and character. Available in **Spalted Maple** or **Buckeye Burl**, each piece may feature epoxy-smooth edges, highlighting the rustic beauty beneath the bark.

Shown: Coffee Table

Straight Edge Tops

Crafted from the same premium wood and same thickness our Standard Live Edge tables, these designs feature smooth, square edges for a clean, timeless look. Available in [rectangular](#) and [round](#) formats, they highlight the wood's natural beauty without live edges—ideal for dining, office, or creative spaces. Available in [dining](#), [bench](#), [coffee](#), and [end](#) table sizes.
