

SALT CREEK TABLES

2025 CATALOG

Dining Room Tables are about more than just eating- They are gathering spaces for the heart of your family and friends. A place where people gather to experience life and create memories. At Salt Creek Tables we know that our handcrafted tables can be the cornerstone on which memories are built for generations to come. Which is why we believe that every table we make should be made with that same quality, care and commitment that are just as much a part of your family that it is of ours.

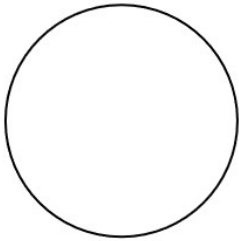

Ivan Yoder

“ A man who works with his hands is a laborer;
a man who works with his brain is a craftsman
but a man who works with his hands and his brain and his heart is an artist.

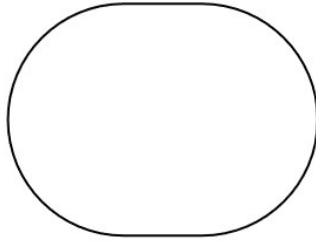

- Louis Nizer
