WARRANTY

Cherry Ridge Furniture takes pride in the manufacturing of all of their products. We offer a 10 year limited warranty on all manufacturing defects, workmanship and wood materials in a normal household setting.

Cherry Ridge Furniture offers a 1 year warranty on all Fabrics, Leathers, Finishing and Electrical Components under a normal household setting.

Cherry Ridge Furniture's Warranties do not apply when the item is subjected to abuse, alterations or accidents.

Cherry Ridge Furniture's Finish is a Post Catalyzed Varnish and is resistant to water alcohol and nail polish remover. The finish will take 30 days to fully cure from the date of application. Solid wood furniture will expand and contract with the normal yearly temperature and humidity changes. The recommended humidity is 35% to keep the solid wood stable as possible. Try to not place your solid wood furniture directly next to a heat source or in direct sunlight for long periods of time.

Cherry Ridge Furniture asks you to don't hesitate to reach out to us whenever an issue comes up. Our experienced customer service people are always more than happy to help take care of any issues.
